What is it?

An unrestricted space, unobstructed by pillars and offering a blank canvas of 9,000 square feet. Its bright, airy loft-style space makes optimum use of natural daylight. The open plan space can be partitioned into smaller areas, which can host several different events under one roof. Also features a long catwalk runway space.

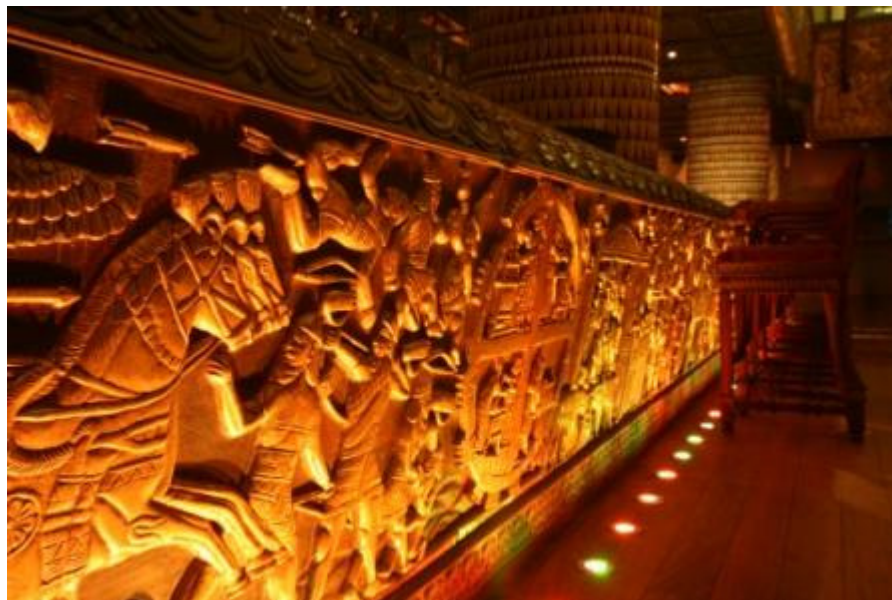

Suited for?

Video shoots, private parties, PR events, trade shows, fashion shows, awards parties, exhibitions and conferences and banquet dining as well as standing receptions.
