

## **New large space in London's Gilgamesh**

---

Gilgamesh restaurant has launched one of London's largest event spaces. Called the Gilgamesh Studio, it is located above the restaurant. It looks down on to Camden Market. The new facility is 9,000 sq ft. and has the same original wood carvings as on the walls of the main restaurant. Otherwise it is offered as a blank canvas to be dressed or themed in any way a client wishes. There is a balcony that can be used by smokers. Gilgamesh offers a wide selection of canapé and drinks and can create a bespoke menu. However, event organisers can use an outside caterer. In addition to the new space, the Gilgamesh restaurant has the Babylon Lounge and the Tea House for hire for events.
