#### Diamonds are forever at Gilgamesh!

16/01/2010

On Valentine's Day, [Gilgamesh](#) will be hosting a romantic set menu, designed by Head Chef Ian Pengeley, which will show case the best of his delicious pan-Asian cuisine at £45 for three courses.

But there's more to it than just that! After all, what is Valentine's Day without diamonds? We say nothing - and so do the Gilgamesh lovelies - that is why throughout the whole of Valentine's weekend, guests are invited to try the exclusive Valentine's cocktail, a delicious pink martini called Diamonds Are Forever - on draining their glass, one lucky guest will find a real diamond worth £600 at the bottom of their cocktail from Karl Karter Fine Jewellery. They can then have a one to one consultation with [Karl](#) at his luxurious studios in Hatton Gardens and he will design and make a bespoke setting of their choice for the stone.

With a total retail value of at least £1,200 this is a Valentine's Day cocktail, which will be a girl's best friend!
