Eat this

If you live in London, you'll know finding fresh fish that tastes fab and that doesn't cost a fortune is no mean feat. But Cosmo have discovered the ultimate seafood dining experience. The latest addition to Pan Asian Gilgamesh's magic menu is their Fruits der Mer Platter loaded with mussel and prawn tempura, oysters, sashimi, lobster, squid and sounds-so-posh caviar. It's perfect first date ordering as you'll be sharing, swapping and getting your hands messy and it comes at the bill-splitting happy price of £26 per head. See www.gilgameshbar.com
