[Who dressed best for Pixie's party?](#)

Posted by *Jane Murphy*

Here's pop princess **Pixie Lott** launching her new fashion range for **Lipsy** at House of Fraser on London's Oxford Street yesterday evening.

First thoughts: love the dress she's wearing, not so keen on the dress she's holding, and I'd really have to see her modelling that animal print number on the left before I expressed an opinion.

Ah, that's convenient...

Yep, Pixie later changed into the zebra print mini - and a faux fur jacket - then hoofed it over to Camden's Gilgamesh for the post-launch party, where there was *all sorts* going on.

Ultimate Big Brother runner-up **Nikki Grahame** was there, playing bass guitar (*obviously*)...

Sugababe **Jade Ewen** was clearly in the mood to flash the flesh...

Reality TV star **Danielle Lloyd** wore a figure-hugging bandage dress, accessorised with footballer fiancé **Jamie O'Hara**...

And *Big Brother 7*'s leather miniskirt-clad **Imogen Thomas** looked pleased as punch with the free candyfloss...

Jolly good!

Love the outfits? Fancy some candyfloss? Convinced Nikki is the new **Jimi Hendrix**? [Tell us here.](#)
