NOT content with dominating the music business, JLS are moving into the restaurant industry.

And no, they are not buying a Nando's franchise.

Bandmates **ASTON MERRYGOLD, MARVIN HUMES, JONATHAN "JB" GILL** and **ORITSE WILLIAMS** are pooling their money to invest in a fancy new Asian eatery and club in London.

They decided that since they go out every night anyway, they might as well be safe inside their own haunt, making a few quid on the side. The idea is already in full tilt and the lads are busy scouting for locations in the West End.

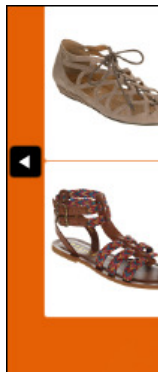

They have already managed to come up with a name based around the initials JLS - Jewels of the Lotus Sutra.

I've got to be honest, that is possibly the worst name for a restaurant in the history of eating out. It sounds like a lovers' guide. Which they'll probably be knocking out next.

But they could call it anything they like and I'm sure the restaurant would still be a massive success. The four singers will be regulars and also invite their friends along for some chicken fried rice. However, any punter will be able to book a table.

JLS have decided the food will combine the best of Thai, Chinese, Indian and Japanese. Their points of reference are trendy Gilgamesh in Camden, north London,

and the Buddha Bar in Paris.

Marvin even took his girlfriend **ROCHELLE WISEMAN** to posh Japanese restaurant **NOBU** on Monday night to check out the competition.

A band source said: "All of the bandmates are equal investors. As well as food there will be a bar and a dancefloor. They want to turn it into the hottest venue in London. Each of the boys want to get really involved in how it will look, what's on the menu and who's on the guest list."

It's proving quite a week for JLS. New single **The Club Is Alive** is No1 in the midweek charts. It goes without saying women will love the taste of **Jewels of the Lotus Sutra**. I just hope the food is up to scratch.

Sorry, saw the picture and had to comment. This is a problem with loads of young women in Britain today... Loads of make-up and NO calf muscles. They want to look like sex kittens, but the trained eye can see there is no spring in their step.
